CLINTON, N. C., OCT. 24, 1889.

Goldsboro now has electric lights.

The Democratic party is united, and when it is united New York is a Democratic State.—New York World.

A rare collection of American gems on exhibition at the Paris Exposition. It is said that one fifth of them are from North Carolina.

Channey M. Dewey predicts that the World's Fair will be in New York in 1892 and that Grover Cleveland will be the Democratic nominee at that time.

Wanamaker has named a postoffice in Wyoming Grover and the postmaster is Thurman. A clever combination with "eternal fitness."—Wil. Messenger.

Col. L. L. Polk editor of the Progressive Farmer, will go to the Atlanta Exposition in a special car sent from that place for him. He makes an address at the Exposition.

The Goldsboro Fair is now in full blast and exceeds the brightest expectations of the managers, it is said. The Argus says that its probably about the largest in many years.

Mr. Randall denies that he revised Gov. Hill's Atlanta speech when the Governor called on him here last Monday, as has been alleged by certain newspaper correspondents.

A lawyer in New York City was committed to 10 days in jail last week for contempt of court. He entered the court room intoxicated and called his honor an infamous and corrupt judge.

Col. John A. Oates, who was representing the Carolina Veneer Works at the State Fair, returned last Saturday. He said the exhibit, save the stock, surpassed anything in its history. The estimated attendance during the week was between 40,000 and 50,000.

Harvard's Seniors have elected a colored youth Class Day Orator of the next graduating class of that Institution. His name is Clement Morgan, and his home is in Washington, D. C. He is said to be by far the most polished orator now at Harvard, having won the Boyalston prize for oratory last year.

The Brooklyn base ball team has won the association championship and an interesting series of games is being played by that team and the New Yorks, the champions of the National League. The World says that the World's Fair and all else is taking a rest until the interesting contest is decided.

The State Fair was a great success this year. The exhibit was good and the attendance was large. On Thursday the number of visitors present was estimated at sixteen thousand. Alamance county took the cake for the best exhibit, but the exhibits of several other counties were not far behind that of Alamance.

If a merchant spends one hundred dollars in advertising and it increases his gross sales six hundred dollars he loses nothing, profit on the goods sold amounts to twenty per cent. If his gross sales are increased twelve hundred dollars he makes one hundred dollars clear profit by the advertising, or one hundred per cent, on his investment.—Wilmington Star.

Maj. Finger has very decided views about the public schools. He said to day there was entirely too much laudation of a system of schools which runs only three months and is inefficient. He says North Carolina will never have better schools until the people see that better ones are needed. There is a great deal of good sense in that observation.—Ral. Cor. Messenger.

The time for beginning the series of inter collegiate foot ball games is near at hand and broken limbs and skinned shins will soon make their appearance. At the meeting of representatives of the University, Wake Forest and Trinity teams at Raleigh last week Mr. T. M. Lee of the University team was elected President and Davidson College was admitted into the association.

Gen. Green B. Baum, who our readers will remember, was commissioner of Internal Revenue under Hayes, Garfield and Arthur, has been appointed Pension Commissioner by President Harrison vice "Corporal" Tanner, who got out of office. He is an improvement on his predecessor, but we fear will not be equal to the Herculean task of stopping the tide of senseless extravagance which has been put in motion.

Our Farmers' Column.

SOMETHING INTERESTING TO THOSE WHO TILL THE SOIL.

"There is no material progress that is well based and permanent without agricultural progress."

Are you going to use home dirt or Yankee dirt—monopoly dirt—frad dirt to make your next year's crop? Are you going to make your own fertilizer and permanently improve and enrich your land or are you going to wait till next spring, and then mortgage your crop ahead for more of the stuff that has proven a curse to agriculture in the South? Have you built stalls enough to shelter each one of your cows separately? Have you supplied them with surf and straw? If not you have no time to lose. Remember that twelve months is scarcely a long enough time in which to make a good crop.

The Pea-Nut as a Money Crop. A few days since Little Warren, a son of our live and energetic townsman, W. A. Johnson, dug the pea-nuts from a small patch of about one-sixteenth of an acre which he planted last May. He was surprised to find that he had about ten bushels of good, sound peas, which were worth 75 cents per bushel. He planted two quarts and used no manure. This is worth thinking about, for it means that the pea-nut will head cotton as a money crop. An acre of land that will not make a bale of cotton will produce from 65 to 100 bushels of pea-nuts. These pea-nuts when bought by the merchants here to sell cost about \$1.10 per bushel. But suppose we estimate the average yield at 75 bushels per acre and the average price at only 75 cents per bushel, and we have \$55.25. This is not all you make. The tops of the pea make excellent forage, which will average more than a ton to the acre. In addition, the peas left in the ground will fatten from two to three hogs. In fact these last two items will about pay for the raising of the peas, making the value of the pea crop a net profit. Has any farmer ever made that much on cotton? No. Has any one ever made half of it? Do our farmers average a fifth of it? No. Do they average a tenth? We doubt it, for many are thrown in debt by the cotton crop. In short cotton, as a money crop, is a failure. Then what shall it be? If we don't know, let us experiment. We can find a cash market for the pea as well as for the cotton. For the benefit of such as may wish to try it, we will publish an article soon on the best methods of cultivating the crop.

Important Circular. The following circular is sent out by the chairman of the national cotton committee in connection with the President of the Georgia State Alliance and the Commissioner of Agriculture of Alabama, calling upon all Alliance men to stand by them in their efforts:— WHEREAS, Recent information of a reliable nature has reached us, that a jute combine has been renewed upon a more extensive scale than formerly, denominated the American Manufacturing Co., in which perhaps all principal jute bagging manufacturers are interested, by which they propose to come on the cotton producer for the year 1890 their output. And, WHEREAS, It is absolutely necessary that whatever should be done to prevent the same and to be efficient, be done at the earliest possible day. Therefore we, the undersigned, most earnestly request the Presidents of each State Alliance to have a decided expression from their Sub-Alliances, Wheels and Unions, in favor of the exclusive use of cotton bagging for the year 1890, and report the same to a convention at St. Louis on December 4th, next, at 10 a. m.

Alliance Trade Tickets.

I have had a large supply of Trade Cards printed which I can furnish to sub-Alliances at 25 per hundred. G. A. CLUTE, County Business Agent.

When you are tempted to use jute bagging, remember the \$2,000,000 squeezed out of the Farmers last year by the Trust.

"Jute bagging will never be king in North Carolina" were the words used by Gov. Fowle last week at the State Fair, when presenting the wedding gifts to the Bateman-Knowles couple who were married in cotton bagging.

The greatest power in North Carolina to-day, socially, and educationally, is the Farmers' Alliance. Its growth is wonderful, almost phenomenal. The order is only a year old in this State, yet has a membership of 85,000, 75,000 of whom are males. Its unity of purpose and elegant business system (which is being fast perfected) make it all the more powerful. Probably in no State in the Union is it stronger or better organized than here.

The Cotton Exchanges are one by one breaking the contract to allow the eight pounds tare on cotton covered in cotton bagging. In fact it really seems that all the exchanges have joined the Trust. At the same time the Trust is organizing on a bigger scale and making its boasts that it will force all the farmers to use their bagging next year. Right here the jute men are, we think, reckoning without their host. The Alliance has resolved to use cotton, and its members have manhood enough to stick to it. At the same time our demand for the eight pounds tare is nothing but right and just. We must have it. If we can't get it sooner, then our next Legislature must pass a law requiring cotton to be sold at net weight, as the exporters now sell in Liverpool, fixing the tare for the different coverings at 24 and 16 pounds respectively.

Mount Gilead, No. 40.

Spec. Cor. to The Caucasian.

We have an institution wholly commendable before God and man, so, in accordance with the organized forces, should do all in our power to promote, increase the value of our united brother and sisterhood of the Alliance. Then in obedience to the command shall we be ably supported in the building up of the Order with renewed efforts. The laws of progress is wounding its way, aptly to the superstructure, therefore hark! ye, of this the nineteenth century, look forward for better times; freedom we behold in the distance, and its guidance shall be triumphant at the dispensation of time.

The brightening of a new firmament on earth is near at hand, the signs of the time bespeak with a prophetic view of its declaration.

Our sub-Alliance, No. 40, members are all alive, zealous on the line of progression. Think by next meeting will have all dues filled up for the Canning Factory, &c. Miss M. T. M., Cor. Sec'y Mt. Gilead Alliance.

Important Circular.

The following circular is sent out by the chairman of the national cotton committee in connection with the President of the Georgia State Alliance and the Commissioner of Agriculture of Alabama, calling upon all Alliance men to stand by them in their efforts:— WHEREAS, Recent information of a reliable nature has reached us, that a jute combine has been renewed upon a more extensive scale than formerly, denominated the American Manufacturing Co., in which perhaps all principal jute bagging manufacturers are interested, by which they propose to come on the cotton producer for the year 1890 their output. And, WHEREAS, It is absolutely necessary that whatever should be done to prevent the same and to be efficient, be done at the earliest possible day. Therefore we, the undersigned, most earnestly request the Presidents of each State Alliance to have a decided expression from their Sub-Alliances, Wheels and Unions, in favor of the exclusive use of cotton bagging for the year 1890, and report the same to a convention at St. Louis on December 4th, next, at 10 a. m.

Said convention to be composed of the Presidents of each State Alliance, Wheel or Union, or such representatives as they may select, and one or more

delegates from each cotton exchange in the United States to take into consideration and settle the question of tare on cotton covered bales and to establish a standard cotton bagging.

We earnestly request the Hon. Evan Jones, President of the Farmers' and Laborers' Union of America, to invite each cotton exchange in the United States to send properly accredited delegates to said convention. In the event that the cotton exchanges refuse or neglect to participate in said convention, then the delegates representing the producers shall proceed to fix the tare and prescribe a standard cotton bagging to which all Alliancemen will uncompromisingly adhere.

This action is necessary that manufacturers of cotton bagging may be enabled to supply the demand at reasonable prices. Let Sub-Alliances take action immediately.

L. F. LIVINGSTON, Pres't S. F. Alliance of Ga. R. J. SLEDGE, Chm'n National Cotton Com. R. F. KOLB, Com. of Agriculture of Ala. Atlanta, Ga., Oct. 7, 1889.

CHAMPION FOOD

Cures Hog Cholera.

FATTENS HORSES

And cures diseases resulting from indigestion and overwork. Increases the yield of milk from Cows and improves the quality. We have hundreds of certificates from reliable persons, all over the country, to prove above. It is SURE!

IT IS NO HUMBUG! IT IS UNFAVORABLE TO THE FARMER!

If you have a sick beast buy a pound and try it. We have three testimonials, and can furnish any number on application to any one of the agents.

SAXFORD, S. C., August 3rd, 1889. Messrs. J. C. Stevenson & Taylor, Wilmington, N. C. DEAR SIRS:—We have been using "Champion Food" for twelve months and find that it does all that is claimed for it. It improves the general condition of stock and will cure Hog Cholera. We feed it to our stock regularly and would not do without it.

J. R. ALLSBROOK, LACHESBURG, N. C., Sept. 17th, 1889. Messrs. J. C. Stevenson & Taylor, Wilmington, N. C. DEAR SIRS:—After using the half barrel "Champion Food" purchased of you we can readily say that it has fulfilled every representation made for it so far as we have tried it. In no instance has it failed to benefit stock fed on it. We can particularly recommend it for milk cows, calves and colts. We regard it as the best stock food on the market. Send us another half barrel.

Yours Truly, ALEX. MCKINNON & CO. WILMINGTON, N. C., Oct. 10th, 1889. Messrs. J. C. Stevenson & Taylor, Wilmington, N. C. GENTLEMEN:—The "Champion Food" you sold us has been given a fair trial, it is a success, and we are glad to add testimony to its worth. When fed to our horses we find it aids digestion, creates an appetite and the animal improves once it is a great conditioner, and a trial will prove its value. We have fed it to our cows and with them it has proved a great success, both the flow and the quality of the milk has improved. The "Champion Food" we cannot get positively false. The food does all you claim in the line of tests we have made; we shall continue its use and advise all the owners of stock to give it a trial.

LOCALS.

—Monte Cristo at Atkins' Hall tomorrow night.

—East Lynne at Atkins' Hall on Saturday night.

—Cotton sold yesterday for 9-8 cents. What market in the State can beat it for the people of this town?

—Postmaster Ward requests us to say that all who wish money orders should call before 4 o'clock p. m. to get them.

—We see that the Rev. J. T. Kendall has been appointed Presiding Elder of the Charleston District of the Missouri M. E. Conference.

—The Eastern Carolina Agricultural Fair is going on at Goldsboro this week. We understand that several Sampsonians have entered exhibits.

—Through an oversight quite a blunder was made in setting up the type for W. A. Johnson's ad last week. It appears correct in this issue.

—A brick pavement is being placed in front of M. Hanstein's on Wall Street. We hope soon to see it extended the entire length of the street.

—We are sorry to learn that our venerable townsman, Mr. W. H. Moore, who has been suffering with cancer for several months is growing much worse.

—Mr. Allen Daughtry, of Westbrook's township, represented Sampson County at the meeting of the Confederate Veterans Association at Raleigh during the Fair.

—Mr. W. L. Jones who has for some time been kindly furnishing us with the "Magnolia Blossoms," has accepted a position with Mr. A. H. Holmes of Wilmington. We wish him success in his new field of labor.

—The Champion Food offered as a premium at our coming Fair by Messrs. Stevenson & Taylor of Wilmington is worth \$20 instead of \$10 as published in last issue. See it advertised in this issue.

—A detachment of three United States soldiers was here Sunday, having come from Atlanta, Ga. we are told, in pursuit of a man from this county who some months ago entered in the services and soon after deserted. The deserter had not been captured at last accounts.

—The Carrie Stanley Dramatic Company play two nights in Atkins Hall this week—Friday and Saturday. On Friday night Alexander Dumas popular play, Monte Cristo, will be rendered and on Saturday night East Lynne. The troupe consists of twelve characters and will doubtless have full house both nights.

One third of a million butter dishes were shipped at one time a few days since by the Carolina Veneer Works. We understand that the enterprising and public spirited proprietor will put in enough additional machines at an early day to enable him to ship that number each week. The dishes are in great demand and are bringing a handsome price.

—The Carrie Stanley Company, which will hold forth in Atkins Hall Friday and Saturday nights, has been in Goldsboro during the Fair this week. The Goldsboro papers and the correspondent of the Wilmington Messenger speak of the company in terms of high praise. They say that the comedies are dashing and brim full of life and fun, moving the audiences alternately to tears and smiles.

—Clinton is still beating all markets on cotton. It is worth 94 cents in Wilmington to-day, it is quoted at 94 here, while several bales here sold for 9-8. Now, considering that it costs nearly \$2.00 to ship and sell a bale of cotton in Wilmington from this point, cotton is worth about 10 cents here, relative to the Wilmington market. This fact is being appreciated in this whole section; for cotton sold here yesterday from John Smith and other adjoining counties.

—Atkins' Hall! Friday and Saturday nights! Capt. Smith, of this office, says that the Carrie Stanley Company is a good one. He says that when East Lynne, which will be played Saturday night, first came before the foot-lights in Washington City, in the fifties, that it had a run of thirty-six consecutive nights, and then stopped only because the theatre burned, while Uncle Tom's Cabin had a run of only twenty nights. The famous play, Monte Cristo, will come Friday night.

—Every household should be visited once a week by at least one family newspaper. No father can afford to raise up his children without putting this great educator of the people into their hands, even though he cannot or does not read himself. And what paper should he take? His home paper first, and if he is able, and so desires, then others—first of them the paper of his church. It is said—and we fear it is a sad fact—that North Carolina stands near the bottom in the scale of education. Then how shall he be able to rise? One means would be to put good newspapers into the hands of our little boys and girls—not the big cheap sensational papers, filled with demoralizing details of every crime, but papers that contain the news of the country in decent language. This means will do more for popular education than any other that costs so little. The tuition for a whole year is rarely more than \$1.50.

TURKEY.

A little colored boy got his hand caught in Mr. John Blanchard's cane mill while grinding cane at Mrs. Abner Faison's, on last Friday. His hand was so badly mashed as to necessitate amputation at the wrist. The operation was performed by Dr. Kennedy, of Warsaw.

FRANKLIN.

The construction train of the C. F. & Y. V. Railway is here. The magnificent iron bridge, fifty feet above low water, with a span of 125 feet, is already completed and painted red, as the company will doubtless paint the "City by the Sea," when the line to Fayetteville is finished. The railroad authorities will use convicts after the construction trains pass Black River, as the track-laying force of free colored laborers spend the greater portion of their time at "big preachings," and the impression is that this force labors six days and "rests" on the seventh day. Thirty-one miles of the track will be ready for use in ten days. Hoping that the C. F. & Y. V. Railroad may prove a bonanza to our good old county so long with a line of railroad running the entire length of the county, I am yours, &c.,

FRANKLIN.

MINGO.

The Rev. L. J. Moore filled his regular appointment at Bethesda on Sunday last.

Miss Rebecca Berrie, of Davidson county, who has been visiting at Goldsboro, has returned to this neighborhood.

The Rev. Mr. Bland, who is principal of Mingo High School has stopped this week to attend the Association.

—AMICUS.

We had the pleasure of attending a very interesting and pleasant Sunday School celebration at Hickory Grove last Saturday. Ex-Representative J. A. Beaman is the superintendent.

The church at that place was organized in 1879 and Rev. Mr. John Bell is now the pastor.

The Sunday School has been regularly organized for about three years. During the last year about eighty-five pupils have been enrolled, who have done excellent work under their active superintendent and delightful teacher.

The exercises consisted of speeches and essays, most of which we missed by being late, though heard that they were all very good. An abundant dinner was spread on a long table, which must have been at least one hundred and thirty feet in length.

In the afternoon the Sabbath School was treated to an appropriate and forcible address by Mr. W. S. Thomson, the Mayor of Clinton, who was the invited speaker for the occasion. His subject was "The Social Parasite." Mr. Thomson also delivered the prizes, the first of which was awarded to Bettie Brown, the second to Callie Herring, the third to Freddie Gilbert. The editor of THE CAUCASIAN was called for, who responded with a few remarks.

LITTLE COHARIE.

Dr. J. F. Highsmith has gone to Fayetteville, where he will practice his profession. He is a promising young physician and we regret to lose him. We predict a bright future for him in Fayetteville.

LEBON.

There is a sale of town lots at Garland, the station on the C. F. & Y. V. railroad to-day. We hope for a rapid development of this section, which will nurture Garland into a thriving town.

SOUTH CLINTON.

The Rev. Mr. Turner, of Clinton, held services last Sunday at Chesnut's school house, five miles east of Clinton, on the Kirby Bridge road. He has given up St. Paul's Church in Clinton to devote more time to his school, but will continue to preach at Chesnut's school house every 3rd Sunday.

DESMAL.

Mr. E. M. Hall has an okra plant which measures 12 feet, 7 inches in height, and had 104 well grown pods cut from its branches and when early frost came it had 19 blossoms. There are limbs on the stalk 9 feet long.

Mr. R. W. Howard, who has been quite sick, is convalescing and we hope that he will soon be able to be out again. He is being treated by our estimable physician, Dr. T. C. Bullock.

Clement School is yet ahead of any similar school in the county, and yet some people think this a "gloomy section," owing to the name of our township—Dismal.

Mr. D. H. Hays has moved his steam engine from near Mr. R. W. Howard's, where it has been since last spring, back to the old stand, for the purpose of ginning cotton.

BACHELOR.

HONEYCUTTS.

Rev. Mr. Best is holding a series of meetings at Royal's Chapel. The prospect for a good meeting is very encouraging.

The Sunday School at Salem Church went into winter quarters on the 11th inst.

The event was signalized by a celebration, which was a very enjoyable affair. The singing was good, the dinner was excellent, but, alas! the invited speakers failed to appear. The editor of THE CAUCASIAN being present was called on, however. Appropriate and timely remarks were made by Mr. J. E. Moward, Mr. Ernest Cooper, the superintendent, and others. (This item should have appeared last week, but we expected some correspondent to furnish it.)—Ed.]

TAYLOR'S BRIDGE.

The school at Woodland is still flourishing. There are thirty-six pupils in attendance.

There is now a handsome bridge across Crane Creek at its most public crossing, erected at the expense of the progressive community in which it stands.

COMPETITIVE GAME HUNT.

Citizens vs. Military, Thursday, October 31st, 1889.

A competitive game hunt between the members of the Sampson Light Infantry and an equal number of citizens has been arranged to take place on Thursday, October 31st, under the following conditions:

On Thursday morning at sunrise the representatives of both military and citizens shall take the field and no man shall return in 15 seconds any game that was not killed by himself between the hours of sunrise on Thursday, the 31st, and the following sunset.

The above rules not to apply to opossums or other game usually captured during Thursday night. The count shall be estimated by the following values which have been agreed upon by the committee:

Deer, 1000; wild turkey, 250; wild duck, 50; opossum, 10; coon, 10; squirrel, wood-cock, or snipe, 5; partridge, 4; rabbit, 3; dove, 2; robin, or lark, 1; and other birds one-half. All game killed shall be delivered dressed to the committee in Clinton by 10 o'clock A. M., on Friday following, where it will be prepared for the game supper Friday night.

All members of the company and all citizens are entitled to compete and the six representatives of the company having the highest scores shall be placed against the six representatives of the citizens having the highest scores—these to be the champions of their respective sides. On Friday night the game and oyster supper will be served at some suitable place in town.

K. of H. Banquet.

The fantastic and feathered champions of ancient chivalry bedecked themselves in glittering armor and carried the cross-hilted sword. Their cruel and heartless creed is presented in the following strain as twanged on the harp by the gay minstrel of old:

I'm a baron bold,
And a knight of old,
And a lord of high degree;
In my castle hold
My deeds are told
In tales of chivalry.
Of all my crimes I knew not which
Doth take my fancy more,
To slay my foe and rob the rich,
Or tax and grind the poor.

Don Quixote's blade
Hath slaughter made;
Munchausen's tale is true;
When I paraded
I always wade
Knee-deep in hostile gore.

Not so with the modern knight, who is a "gentleman of the latest port," a Knight of Honor, whose noble mission is in the way of charity and good.

The members of Clinton Lodge, No. 3409, of this excellent and rapidly spreading order, at 10 o'clock, at the close of its regular meeting on last Friday night, adjourned to a banquet spread at the Clinton hotel.

"Mine Host," Robins is to be congratulated on the excellent preparation of the same. The social occasion will long be pleasantly remembered by each member of the order, and it is hoped that it will be often repeated. Well filled plates with the compliments of the lodge were sent to Rev. L. McKinnon and Mr. W. H. Moore.

Aggrieved Killing.

(Special to THE CAUCASIAN.)

KENANSVILLE, N. C., October 22nd, 1889.

Mr. David Williamson, of Kenansville township, Duplin county, on his way home, on the 19th inst., from a deer hunt, while in a boat crossing the Jere Lake, in Goshen Swamp, let his gun slip, causing the hammers to strike the boat and both barrels to empty their loads into his brain, from which he died instantly.

The deceased was a worthy citizen and left, surviving him, a wife and three small children.

Mr. D. S. Cox, THE CAUCASIAN's Duplin correspondent, is, probably, improving slightly.

"Remarkably Successful."

We are indebted to Brother Herbert, of the Kinston Free Press, for the following kind notice:

THE CLINTON CAUCASIAN, edited by Marion Butler, is seven years old. It has been edited a little more than a year by its present editor, who has been remarkably successful with it. It is a good paper and has a large subscription and advertising patronage. We are pleased at your success brother Butler.

Baykin-Bowden.

Under this head, the Wilmington Messenger has the following to say of the marriage of our townsman, Mr. Frank Boykin, in that city last Tuesday night:

A very happy event was that which occurred last night at Grace church in this city the marriage of Mr. F. Boykin, a prominent gentleman from Clinton, and Miss Julia A. Bowden, the lovely and popular daughter of our townsman, Mr. L. H. Bowden. The church was beautifully decorated with flowers for the occasion, and there was present one of the largest gatherings ever assembled to witness a marriage in this city.

The godman knot was tied by the Rev. W. S. Cressy, and the attendants were as follows: Mr. W. N. Jacobs, of Wilmington, with Miss Annie Boykin, of Clinton; Mr. J. C. Stomach, of Clinton, with Miss Sallie E. King, of Wilmington; Mr. D. S. Boykin, of Wilson, with Miss Lillian Bowden, of Wilmington; Mr. W. A. Hobbs, of Clinton, with Miss Mollie Hawes, of Wilmington; Mr. L. Tate Bowden, and Miss Florence Alderman, both of Wilmington. The ushers were Messrs. Jas. W. Monroe, B. F. Hawes, E. W. Moore, J. C. Clark, Mosley Hubbard and H. W. Bragg. After the ceremony was over the bride party retired to the residence of Mr. Bowden, where an elegant reception was held. The bride and groom, after receiving many congratulations, left on the 12:35 train last night on a Northern tour.

THE CAUCASIAN extends its congratulations.

Personals.

Mr. James K. Morisey left last Friday for Winston, where he takes a position as clerk with a large tobacco house.

Messrs. W. A. Hobbs, J. C. Stomach and Senator E. W. Kerr, left Tuesday to attend the marriage of Mr. F. Boykin, in Wilmington on Tuesday night.

Master Richard Hubbard, son of our townsman, T. L. Hubbard, left a few days ago for Fayetteville, where he takes a position with Mr. D. H. Bell in a grocery.

Miss Agnes V. Wedding, daughter of Mr. John R. Wedding, foreman of THE CAUCASIAN office, has returned to Clinton from a three months' visit to friends in Nashville.

Miss Annie Giddens returned Monday night from a visit to the State Fair and Goldsboro. She was accompanied by her brother, Mr. Frank Giddens, who returned the following Tuesday morning to Goldsboro.

The following persons from Clinton have attended the Goldsboro Fair: Mr. and Mrs. J. H. Stevens, Mrs. W. E. Stevens and little daughter, Myrtle, Mrs. A. E. Murphy, Mr. M. C. Richardson and daughter, Miss Muriel, Dr. and Mrs. A. M. Lee, Dr. J. A. Stevens, Miss Carrie Mann, Messrs. F. P. Hobbs, R. C. Holmes, W. T. Williamson, Bob Williamson, M. E. Hobbs, Jno. Russell, Thos. Killett. There are others that went whose names we were not able to learn.

Queens of the Banquet.

The third meeting of "The Young Ladies' Cooking Club," which was held at Capt. W. L. Faison's, on Tuesday night, resulted in another most happy and enjoyable occasion. We voice the unanimous sentiments of the young men present when we say that the feast spread proved the members of the Club to be veritable banquet queens. The next meeting of the Club is to be Tuesday evening, two weeks hence; November 5th, at Elliot—the home of Miss Florence Faison, the President of the Club. May its meetings never scale nor postpone.

"AN EXCELLENT PAPER."

"Sound Progressive and has the Right Ring".

(State Chronicle)

The Clinton CAUCASIAN has entered on its seventh volume. It is an excellent paper, sound, progressive and has the right ring. It is an honor to Clinton and Sampson county, and its talented and educated editor is doing good and winning fame.

THE CAUCASIAN.

CLINTON, N. C., OCT. 24, 1889.

FASHION NOTES.

(From Godey's Lady's Book.)

Long cloaks are in great favor for large and small children. Passantierie is extremely elegant this season, and the prices of the handsome styles are exorbitant.

Ostrich feathers have not been as popular for years as at present, very long ones and bunches both being used.

The flat Chinese, or Tonkin hat in felt, promises to be the favorite this winter for girls of four years and upward.

Woolen goods are especially elegant in their texture and combination of coloring this season. What used to be called robe patterns predominate, the combination to be used coming together.

Cloth gowns are trimmed with bridging, embroidery, or passementerie; the braiding in many instances forming vandykes across the edge of the skirt; while others have front or side panels covered entirely over.

Velvet sleeves are worn in cloaks and gowns. Many of them are in mutton-leg shape, high above the arm-hole, and much wrinkled around the arms. The addition of these sleeves freshen up an old garment from last season.

Very dressy toilettes of oxidized red or of Nile green cashmere are made up for misses, with a black velvet figaro jacket, the double skirt being trimmed with rows of velvet ribbon. This same style is also adopted for ladies' gowns.

Ullsters are very plainly shaped, long and double-breasted, with pruned breadths throughout. They are made of checked or plaid cloths, and are fastened with large smoked pearl buttons.

The art of enameling is exercised in many artistic fashions. Enamelled brooches are in demand. A spray of mistletoe, another of lily of the valley, or among the prettiest. The pansy, with its dewy, diamond-tipped petals, is the latest.

Poisoned with Malaria. Mrs. S. T. Jones, of this State, but now a prominent and influential citizen of Dallas, Texas, writes under date of April 12, 1889: "About three years ago I was living in a malarial district of Georgia, and while there I contracted malaria, and my blood was so bad that it ruined my health and prostrated me. I was at length so reduced in health, and apparently incurable after taking large quantities of different medicines prescribed by my physicians, that they, as a last resort, advised me to go to Hot Springs, as it was the only chance of recovery left, and in this they expressed their serious doubts that I would derive any benefit from the trip. I went to Hot Springs, and while there took a thorough course of medicine under the physicians, which seemed to benefit, but did not cure me, for in one month after my return the malarial fever reappeared. I immediately began taking S. S. S., which made me permanently well—well from 1886 until now."

Skin Eruption Cured.

One of my customers, a highly respected and influential citizen, but who is now absent from the city, has used Swift's Specific with excellent result. He says it cured him of a skin eruption that he had been tormented with for many years, and he has resisted the curative qualities of many other medicines.

Mercurial Poison.

Mercury is frequently injudiciously used by quack doctors in cases of malaria and blood poison. Its effect is worse than the original disease. B. B. (Botanic Blood Balm) contains no mercury, but will eliminate mercurial poison from the system. Write to Blood Balm Co., Atlanta, Ga., for book of convincing proof of its curative virtues.

A. F. Britton, Jackson, Tenn., "I caught malaria in Louisiana, and when the fever at last broke, my system was saturated with poison, and I had sores in my mouth and throat, and my blood was so bad that it ruined my health and prostrated me. I was at length so reduced in health, and apparently incurable after taking large quantities of different medicines prescribed by my physicians, that they, as a last resort, advised me to go to Hot Springs, as it was the only chance of recovery left, and in this they expressed their serious doubts that I would derive any benefit from the trip. I immediately began taking S. S. S., which made me permanently well—well from 1886 until now."

K. P. B. Jones, Atlanta, Ga., writes: "I was troubled with copper colored eruptions, loss of appetite, pain in back, neck joints, debility, emaciation, loss of hair, sore throat, and great nervousness. B. B. put my system in fine condition."

Mrs. James Brown Potter says her present illness is due to the clothes she wore when she played Cleopatra. We imagine, then, she is not very ill, or when we saw her in that part she didn't wear clothes enough to produce any thing more than a sort of slight nausea.—Wash. Post.
